

January 10, 2025

To Whom It May Concern:

This letter of recommendation is for musician, classical guitarist, composer, and speaker, Aaron Larget-Caplan. A true professional of the Arts, I have had the pleasure of presenting Aaron in our theatre seven times since 2015. His work is always wonderful and unique.

The Coaster Theatre Playhouse in Cannon Beach, Oregon is a Community Theatre presenting plays and musicals with intermittent concerts and programs. Having an artist of Aaron's caliber is very special for our community. We have hosted him solo, his Spanish music and flamenco dance ensemble ¡Con Fuego! As well as chamber music and educational programs.

Audiences respond to his virtuosity, exciting programming, which is different each time, and his stage ready charm and speaking. His playing and professionalism are top notch, and he also excels after the concert when meeting fans and donors with graciousness and interest.

We most recently presented Aaron in November 2024. He asked to give the West Coast premiere of the 15min micro-opera 'Heretic' by American composer Richard Cameron-Wolfe. It reminded me of 1970's Avant Garde Theatre, so we spoke about ways to present it and created a program 'Death, Dreams, Delusions' with two local actors giving readings between musical selections, and Aaron even recited Shakespeare! It was a pleasure for the actors working with him and the audience experienced music and theatre in a way that we rarely get to see.

I have no hesitation in highly recommending Aaron Larget-Caplan. Any theatre or organization could only benefit from his participation.

Though he lives in Boston, Aaron has become a special member of our community, and we look forward to having him back again...and again.

Sincerely,

Patrick Lathrop, Executive Director
